Dear Sister W.

A boy has just along & offers to take a package for you. I rec'd a letter from you a week ago or more. Was glad to hear from you - hope to hear often. I send the sheet you spoke of, also four diapers - two bear your mark & one of the two new ones no doubt is yours - the other new I thought looked a little different from mine - perhaps you will recognize it as yours. There is also a little package for Mrs Johnson - but the boy refuses to take it, but there probably be other boys along in a few days.

If I find any other articles of like description or any other ^{which I suppose to be yours} I will send on another time.

Mrs. Rowell & children are here, they came on New years day. Mr R. is expecting to come over today & go to Wickenburg to baptize Mrs Browning babe. We have had delightful weather thus far - not rain enough for vegetation to flourish well. How do you get along - do you keep up good spirits yet? How is your health. I hope you will not give up to discouragement, - but look on the bright side of things.

It is breakfast time & I must close - with

love to all the children & Mrs

I would respond A
Happy new year to
you all

L. me, & hoping to hear
often from you I am most
