Dear husband

I received your letter last evening. Make meikai came over from Kaula with the mail bag, & was very glad to hear that you all got up safe. We are doing pretty well. Gerald helps me in taking care of the baby he seems inclined to do pretty well. Sammy is hearing his lessons this week & tells him not to lose one until Albert come. Kumbire is in the court room trying Kikian cases every day he finds work enough - Has sent Jakobson and ^{Chas. Seizer} ~~Swain~~ to Sabu jacks Kamealii at one of the King's men and paid 50 dollars for letting at home receiving. By the way I did not tell you that Mrs W. and one of the girls called the day after you left, - and yesterday Mrs W. called - but did not get off their horses - they had been down to the court room - tell this to Miss Bishop if you think of it I should not say much to Mr B. about her troubles if anything say that her health was too poor to be away from

I spent some about it - I wish I could have a letter with it - might get some trouble

hope out among strangers—
You check better take the better or as the
B. Clarke too, out of that tin pencil and here
it would be better I'll G. and E. to look about
and get me some new plants the ~~rose~~
slips that G. spoke of and the seeds that
he planted in his trough he will know
what I mean

I want something for boys such as
man - about - too, some kind of check is the
pretty good - Perhaps no check will be able
to tell you what, if Mrs. F. was well to
mountain ask her

Mr. Johnson writes home that the Express
is coming here, when they come home
What if you go to Hills by way of Vienna
go up with Mr. Lyons and go overland
I hope you will send the boys that way or
as to how they see some of Hemen's Mr. Lyons
is so late to G. M. that perhaps he will
not wish to go night-back again -

I write you by the overland mail the Express
has been as done - I hope she will be com-
ing here when you return from Hemen
Tell Baxter about your present - how he is
Baby is well - Much love to you and the children
Yours S. E. H. W.

Suppose you will like to see the children
