

[Faint, mostly illegible handwritten text, likely bleed-through from the reverse side of the page.]

Mr. A. McCor.
Nashua.

Honolulu, Dec. 12. '44.

D. Mrs. W.

Your note in regard to a plasterer had just arrived. I will send one as soon as I can find one, & that will probably be before long.

Gov. Adams died on the 9th inst. He seems to have had some proper feelings during his last hours. See next Monanona. It is reported in the village that Mr & Mrs Bingham are coming out with Capt. Snow, but I hear nothing definite. Mr. Richards may have not written; some folks write that they were to leave in October, not certain.

In haste

Yours truly

R. Amory

John I cannot go this time as he is called to leave for Maui.
