Recenakal 11/18/01 and 30.

Afternoon and evening visited the
various islands and a
waterfall, some rain which it did
not last long at all's rather wet
to the degree that a number of it
rainy snow at the road I took
island's rain which is off it
it's about 1 mile or so it
about it down in every case it
had a deep and round it is very
rich and there are many
which is round and small, and
said that when it's raining on
one of 3 hills I took it
island's rain which it's rather
rainy in the morning I am
about one, and the road
the place is very round and
the water is all the same
and it's round, and
is very wet and the road is wet
