My dear Brother

Yourrs of the 9th instant
making an offer of the services of Miss Lucy E
Hart, was received on the 11th. I have
waited in daily expectation of receiv-
ing the testimonials as from Norfolk
of which you speak, that I ~~may~~ bring her
case before the Prudential Committee
of the A. B. S. F. M. But as I have heard
nothing yet, I fear there may be some
mistake in the matter. As soon as the
requisite papers are sent to me, I will
attend to the business & let you know
the result without delay.

As to your inquiry respecting the
purchase & packing of furniture &c, you
will find some one ~~near~~^{here} to counsel and
aid you in that business, but you must see to it
for yourself. In regard to books, you will not
need a great many, & they should be books on
practical religion such as will nourish your own
soul, & such as will aid you in your business as a teacher
in hearts, yours affectionately, Wm Amstrong
