

Hairna Feb. 17th 1858.

Dear Sister W.

I felt disappointed on receiving your letter last evening though I was somewhat prepared for it by the communication of Mr. Ohamberlain to B. S. saying that he had sent a vessel for you. I thought it very probable that the vessel would arrive at H. before you would leave, and I hope you have gone more comfortably than you would by land. If so I rejoice in the Providence which wafted it to your station though it has been a disappointment to me. We had many anxious thoughts about you especially on Thurs day evening, but felt that all would be added right concerning you. Many thanks to you for writing and expressing your feelings so freely. The letter arrived in the afternoon and the men with the horse about sunset.

You will not lose your correspondent by remembering our communications will not be as frequent. It seemed this morning as if I must write as the men were returning to Hilo. I could hardly realize that you were not there, but suppose you are in the midst of friends at Honolulu. You will find the Spirit of the Lord there too, I hope in still greater power than you have seen in Hilo. So there will be a great work there and not only there but all over the island. It has been my opinion for some time past that the Lord is appearing to shake this nation that a work of grace mighty and powerful will be witnessed in all these islands. Every week ^{almost} every letter I receive ~~contains~~ contains me in the opinion. B. S. had a most interesting meeting at Kohala. He said he saw more

I hope to see you in a few weeks and I am sure together with a few others we have seen and felt both the Holy Spirit and the Holy Spirit is well manifested.

of the power of God there than he had seen here. The meet-
ings were very full and solemn. The supper was in
the house and a great many out. At one time when
he requested those to rise who had determined to serve
God about 3000 arose. He had not time to converse
with a great many but found numbers of whom
he has hope among those with whom he did converse.

He rejoiced to learn that the meeting
the Lord's instructions at Hamaui. B. S. H. has
found the means for further meetings of
meetings are frequent there and some
at Hamaui. There were that Lord's work
steadily taking in this island and will
with get with the island taking Hamaui
be with.

Thinks there may be some hundreds converted. He intends
to go there after his return from Hamakua to converse
with them and labor among them for a short time. He
now intends to go to H. next Thursday and hold three
protracted meetings will be absent two sabbaths. I
do expect that the Lord will go with him and
that very many souls will be converted. What a
privilege to labor in the cause of our Divine Redeemer.
Love to all at H. I was as often as you can ^{Yours in love} Chas. C. Knapp
