

Thursday ev. Dec. 14th 1897.

Dear Sister,

I received your note of Dec 6th today. You need not make any apologies for writing short notes for I am very glad to receive them if you have not time to write more. I am often in the same circumstances as to night.

I commenced school again on Tuesday have had a good attend-
ance thus far. I told you I was going to try a new plan which I would tell you of if I succeeded, in regard to whispering &c.

So, this, I have a card on which
is written a helahelu out in a
i kind manner, and in the time
that is being upon the part there
is to be no whispering they are to
attend to their lessons, and when
that is lowered they may whis-
per if they chesse. I am now able
to talk with them somewhat and
mean with them which I did
when I mentioned this plan to
them and the Alderscholars
seemed pleased and abided by it
thus far I give them two oppor-
tunities for whispering in half
a Day. Thus far it has had a great
effect. There is but very little whis-
pering among any who study. The

The Lord is still among us, and I rejoice in
what He is doing in Hilo. B. I. is doing
conversing with those who think they
have turned to the Lord. He has the
names of upwards of 400 whom he
thinks are Christians. Let us be more
diligent in watchfulness and prayer
Yours truly
Charlotte C. Kings
