

Lahaina Jan. 1. 1838

Oh the years - they go!
Dear bro. Chamberlain,

I recd yours
of 22^d ult. crediting the oil - no
advance is to be added to the
price of the blk oil barrels.
I have now the prospect of
purchasing two or three barrels
of first rate Sp. oil at about
55 cts per gal. - not absolutely
sure of it - a ship, the Bright
on came here Dec. 23^d - has
discharged one or two men.

The Victoria has just come
from Hilo - brings a bbl
of pia whk. I am told
they have landed. I pre-
sume we shall need it
among us, as we shall soon
all of us be out of flour
at this station.

We have been greatly af-
flicted in our family a month
past. Our youngest daughter, Mary,
was taken four weeks ago, with fe-

ver & a bad state of the bowels -
all remedies only raised her up
a little from which she soon fell.
Night before last we felt that she
must be given up - but, Oh the
kindness of our Father in heaven,
to-day we are expecting her to
recover. May we learn a lesson
of wisdom from God's dealing
with us.

Born Conde & Ives are loading
the Hooikaiha for Hana - ex-
pect to sail to-morrow.

The king's awfully wicked feast
is now in progress. This is the
third day of the doing. Sab. was
the 2^d what all was done ^{Sab.} I may
be able to tell better at a future
day. I saw the foreigners, however,
feasting with him in the morning -
they were wonderfully employed
all day - with closed doors, I think,
Whose hogs were the 800 to be
eaten at this feast? - All the co-
conuts of Lahaina were la-
we wale for it. Will you tell

me Why the Oahu chief should
aid in such a feast - & why a
missionary should advise all
the missionaries here to go?
but he did it ignorantly I
trou.

Please ~~ask~~ ^{tell} bro. Diamond
that he need send no more
Ai o ka la, unless I write
for them. We shall wish a
few more ^{many perhaps} but do not
want an over stock -

Ask Doct. Judd to send
~~us~~ me to send me a
good supply of Gum Arabic.
I have no time to write
them, nor to answer the ex-
pense letter. -

With love to you all

Your bro. in haste

Lahaina Jan. 3^d 1838

Dear bro. Chamberlain,

I wrote you by the same vessel which I expect to take this, (Victoria,) detained because Karikeouli is asleep to-day (he sat up all night to close the feast) - well to return, I wrote that I was likely to get you some more oil. I have bought 4 barrels - bro. Green wishes one because that we sent them did not prove so good as they wished - & if the Capt. will take them, I will send you 3 barrels - The barrels are all alike - by Capt's measure are 29 gals, ^{each} the oil is first rate. I pay for it \$13.00 ^(with present 14.30) (for each brel) in cash
Credited & four in trade, so that it will be not far from 16 [#] dol. per brel, or 55 cts. per gal. I have not yet settled the trade paper will write again. This is rather high - but there were many that wished the oil, & it was known of course to be the end of the market this year. Please let me know if this will make a year's supply.

I will try to mark a legible I on each brel near the bung, so you need not mistake.

Lahaina Jan. 9th 1838

Dear bro. Chamberlain,

You write me, Jan. 3, that you send on board the *Liberty*, 1 bal flour, 7 bundles lath, 1 plank &c. for Wailuku, 2 covered firkins for Mr. Rogers - The letters came by the *Pearl* also a bundle of door irons for Mr. Green & a book, & were all wet by the capsizing of the boat in coming ashore - one bundle (supposed to be nails) is said by the Capt. to have been lost. I have not seen the Capt. yet to learn whether the above articles are on board the *Pearl*, or whether the *Liberty* is yet behind. Did the 3 bbls oil & bundles sent by the *Paalua* cost you 8 dol's freight? There was only a boatload in all & 8 dol's was too much. You have never told me that one vessel was better than another for freight, & as you sent our freight by the *Paalua*, I did the same by yours.

I intended to have stated the actual cost of the three bbls of oil I sent by the Victoria - but as I had not goods whh the native wished I had to let Doct. Peabody supply him, & I have not yet had time to settle with him.

You once asked how the goods sold whh you sent me to purchase oil. Most of them ~~were~~ are now on hand; or, to be more particular, all the unble cotton of one yard wide went as fast as we had need of it for such matters as cloth burs. Most of the oil I have purchased has been with cash - some unble cotton & some blue was turned to this account. The wide cottons are still here. Bro. Clark, I think will buy us wood with some - otherwise I sh^d be at a loss how to dispose of it - as it makes as difficulty often to pay for an article in wide & then again offer narrow cloth for the same. Of the glazed muslin bro Rogers took two pieces for the bndery - one piece is still here - ^{most of} the calicoes are still

on hand. Probably I shall dispose
~~of some~~ of them in the work of the sea-
men's chapel to about as good advant-
age as we usually sell unble cotton.
I have made no distinction between
goods to buy oil, goods contributed to the chapel,
& others which we have from the depository,
but dispose of each, whenever the best offer
offers.

We want very much some $\frac{1}{4}$ unble
cotton at this time. I am getting in debt
on that score, & shall try to stand it out,
till an arrival from America - When
such an arrival comes & brings unble cot-
ton will you send me half a bale $\frac{1}{4}$ narrow-
er will go, if the cloth is good. If it is
long before an arrival, or no such goods
comes, please send me a few pieces to as
good advantage as you can.

Next to your unble $\frac{1}{4}$ cotton, the wide ble
pieces went - even better perhaps than most of
they unble you wd be able to send.

I want 4 more N. W. plank - the 6 you
sent did not go so far as I had hoped.
They were for school houses; if you send
4 more, they must be set down, I suppose
to Mr D. or myself, as probably the school
fund is nearly exhausted - if however the school
house allowance is not exhausted, (look on the books)

you can send the plank & charge it to that allowance - as the carpenters work on the sch. houses ~~is~~ provided for from the contributions of the people.

I hope, the blessing ^{of God} will rest on your meeting - but don't take 500 into the chh the next day after it closes. The good

Lord deliver us from chaff & make us wise to read the Chr of Hawaiian children! I thought all this mission were sufficiently awake & wise enough to know that it were well to look the 2^d day at the converts among this people. We hope to have protracted m^g here in many months. Love to all - Your bro. D. Baldwin

Lahaina Jan. 16th 1838

Dear bro. Chamberlain,

I have just paid for the oil ^(3 bbls) whch I sent you by the Victoria; & as the Paalua still lingers (the King is good at detaining) I will give you the exact account of the matter.

I paid for the 4 bbls (29 gals each) \$56.25 in cash & 32 Yds bld cotton, whch I can make nothing else than a part of the 68 Yds whch you charged me Aug. 24th at 20 c per Yard. - It is folded in length - is over a Yd wide, & goes quick at 3 Yds per dollar. 32 Yds at 20 c will be \$6.40

Three fourths of \$56.25 is \$42.19 - & this with 10 per cent added will be $42.19 + 4.22 = 46.41$

Three fourths of \$6.40 will be (the trade) 4.80
\$51.21

This will be \$17.07 per bbl - but you may as well credit me \$17.25 per bbl, or ^{in all} \$51.75 as now & then a half dollar slips out for canning & Coopering, & I am sure there will be no room to take as much as that out of my allowance this year. Do not laugh at me for close calculation - for 50 cts is worth a great deal when one is just ashore.

Without the 10 per cent, I think this oil comes to about 54 cts per gal. - & with it to something less than 60 cts per gal. -

Love again to all -
Yours bro.

D. Baldwin.

Lahaina Jan. 17. 1838

Dear bro. Chamberlain,

I intended to have written you by the Pearl, that you might know what things were lost by the capsizing of their boat - but the Capt. did not call, as I supposed he wd -

I rec^d three small letters for myself & some for others - none in a very torn condition.

The Waikuku freight was landed at Maulea, I suppose. The two covered firkins for Mr. Rogers are here. A bundle also of door irons I think I mentioned. But no other bundle for Mr. Green. You said there were two for him. The Capt. says, the bundle lost

Did I inform that I had by? all the
com: by Mr. Coan.

was like a bundle of nails & screws.
Mrs. Parker wrote, that she
sent a piece of gaff cloth.
Did it come by the Pearl?
The Capt. thinks it did &
sunk to the bottom. It
was not mentioned in your
invoice. — —

The Paalua goes back immediately
& I can only write in haste.
I sent, two days ago, 18 gals. of oil
to Kailua to be taken care of
by the bro there for Kohala, for
whom I wish you to charge
chf. bro. Blip & credit me 50 cts
per gal. i.e., \$9.00, in all, with-
out per centage. The oil was not
exactly first rate.

Mr. & Mrs. Munn came over here 2 or 3
weeks since - she was confined three
days since with a son - is doing well &

believe as yet. I mentioned some time since, that our little one was in a fair way to recover - so we then thought. But our hopes have not yet been fully realised. She has been better & relapsed - & this has occurred many times. She is not now entirely prostrate & we do a few days with God's blessing will find her mended. ~~The~~ ^{The} ~~thing~~ ^{thing} is, we suppose, one cause of her sickness. Others this way are generally well.

I have rec'd letters from Capt. J. & Mr. Bingham respecting the feast, & our non-attendance. By these we see, that utterly unfounded reports can travel from Maui to Oahu. Please tell the boys that the vessel returns too quick & I am too overwhelmed with business to reply to them but will try to write them next oppy. In the mean time, please tell them not to be over-alarmed as though Maui Miss's had insulted one of the kings of the earth. All the reason I gave the King for not attending the feast was that my child was sick & very low & Mrs. B. was nearly prostrate with long watching the child w'd all out of none to be with her but us two, & therefore I c'd not go. I had others

reasons, but deemed that one sufficient to give -
I believe all the bon here treated the king
with abundant respect - though not one of
them went to the feast any more than Saml
did to Belshazzar's. The cph members here, who
are entitled to our highest confidence now say
to me, of their own accord, that it was

but a little matter provided we have
not offended the King of King.
With much love to Mrs. C. Spall -
Your bro. S. Baldwin

Lahaina Feb. 2^d 1838

Dear bro. Chamberlain, I have hardly yet begun to attend to business since the death of our little one whh took place Jan. 20th (I have given you an account of it on another sheet) the bustle of the sickroom is hardly yet out of mind or ears - but I hope soon to attend to some affairs whh have long lain on hand, & among others to the accounts.

At present I will just say, that of the two barrels of pia rec^d here last spring - both were for L. Luna, but we finally had one of them. This you have righted, I believe.

Kama bro forgot their two bbls of pia at Lahaina. But I do not know whether that is a sufficient reason why they sh^d be charged us. They sh^d be charged to those who ordered them, till you hear of their be-

ing transferred to some one else. It is probably we may need one of the bcs, though, at present, we are not out. We cannot consent to have every thing charged to us whh happens to be left at our place.

I suppose you have considerable amount of white sugar charged to me. I hardly know how it sh^d be disposed of - nor has it been much matter how heretofore - but hereafter it may be.

The truth is, we use a mere nothing of it almost, in our family, while I put 10 lbs at once into medicines, whh I am preparing for the different stations. Perhaps the proper way, wd be to set it all down at once to the med. department - or is some other way more correct?

I wrote you for four more N. W. plank - but I must now request you

to send six (6) of the plank, instead of four, for we have had a little stealing here. I wish also a keg of white lead, & I hope the plank & white lead will come by the first suitable conveyance. I wish them all on the sch. fund. We have had only \$3.54 of the 104.60 - including freight & all. Of course \$31.00 remain. Bro. M.C. had about \$2. in paper on that score - but he sells it & will doubtless give the sch. fund the credit before long.

On referring to your letter, I find only one of the Haha bills of 100 charged to us - it may as well stand so. We shall need it next gen. meeting, if not before.

We rec'd your nurse lamp by Bro. Andrews.

A protracted meeting has closed at Waikuku, whh they think has resulted in many conversions - Two of the girls of Bro. P. they reckon among them - the work still going on. The stations this way expect to hold such meetings in a month or so -

With much love, Your bro. D. Baldwin

July 1858
Freight by Packet all same date.

Lahaina Feb. 2^d 1835.

Dear Bro. Chamberlain,

It has pleased the Lord to lay his hand upon our family, & he has hung our walls in mourning. A blank is left in our number, which all the world cannot fill. This we feel - we feel deeply afflicted - but we know that He who made the blank can fill it with himself; & we do hope, he has already sustained us by his blessed presence.

You expressed the hope, in your last that we sh^d not be compelled to witness a protracted illness in our little one. This the Lord has not appointed to us; but he has removed the precious little one away from our sight. She had, by her affectionate spirit, entwined herself around all the fibres of our hearts; she was

truly the most beloved of all our children; but it wd not detain her with us a moment. We asked the Lord to spare her life - but, for four days previous to her departure it was plain that he designed otherwise - then we felt that we must resign her into the hands of the Saviour; & we prayed for her soul, & we hope, she has gone to be with Christ.

Mary died on Frid. Jan. 20th & on Sat. Jan. 28th we committed the precious dust to the grave, near the Lahaina meeting house.

The disease with which she was first attacked appeared to be purely one of the bowels - means seemed to be blessed in restoring health in a measure - but the fever did not wholly give way - This led us to look to the teeth & head for some irritating cause. There were some signs of irritation in the head; & our Eng. physician here was very decided, that it was an incipient dropy in the head.

He, of course, used active means to avert such
a disease - but it was not long before we
gave up the idea of any disease in the
head - it was in the bowels, which ^{though} were af-
terward, restored to apparently a good state,
relapsed again & proved obstinate, the fever
never wholly leaving her. A fortnight before
her death we discovered some large teeth
cutting, which had eluded the search of my
self & Mrs. B. & of the Eng. physician,
but which had probably, all the time,
helped to keep up the irritation &
fever & bad state of the bowels.

This is not as we wd have
chosen - far otherwise - even now
I can sometimes hardly bear up under
the thought, ^{that} the little Prattler is silent
in the grave. Our hearts still bleed,
though we hope, we have an eye to
the hand that has done it & who ap-
points all things well. Remember
us in your prayers - pray that we
may kiss & love the hand that af-
flicts & improve this affliction aright,
& then we shall have occasion to say
"It has been good for us to be afflicted."

Mrs. Munn was confined with a son, Jan. 13th. & Mrs. Clark with a daughter, Jan. 30th.
both appear to be getting along well.
With much love to you all, & associates,
I am as ever Your bro.

Lahavia Feb. 13. 1838

Dear bro. Chamberlain,

I write
a line to request a jar of paint
oil. When I wrote for the
W. Lead, I did not know we were
near out. I hope you will
find it convenient to send
the oil, Lead & plank by
the first oppy. We want
them to use immediately.
If a vessel comes, let us not
have to wait a week. —

I want the oil on the school
fund & perhaps the W. Lead
also — if, however, that fund
will not cover all, why
set them down to me.

I wrote before the amount
of the sch. fund whch we
had taken up. —

We are generally well —
With much love to Mrs.
C. & all in whch Mrs.
D. writes, I am Yours bro.

1838

Dear bro,
I wrote in my acct, whh you
will receive with this, that one bol
of our flour might be charged to Miss.

O. I think now that is not proper.
She was with us ^{about half} of the year.
So she & the child, whh ought doubtless
to make half a family, might be
charged her proportion of the flour
& other articles whh we had in
common, as beef, salmon &c. — That
proportion you can judge of as well
as we, having all the articles before you.

The Paahia dont come — we want
the N. W. plank. —

I sh^d like some writing paper, fool-
cap & letter, if you have good.

We have a protracted m^g this week.
pray for the power of God to be
in it — With much love to
you all —

[Faint, mostly illegible handwritten text, likely bleed-through from the reverse side of the paper.]

Lahaina March 12th 1838

Dear bro. Chamberlain, & Castle

I have just rec'd a line from bro. Castle by the True Blue, whh mentions a box of soap sent for Miss. Oden - but there is no box to be found on board. I have also before me ^{more} two lines from bro. Castle, mentioning a package of dollars for Mr. Clark, whh was rec'd - & lumber for L. Lina, & Mo. Lokai & schools at Lahaina. All this was rec'd, except the following. Instead of "15 Am. pine boards" for Lahaina we rec'd eleven (11) only - no more were probably put on board - I wish to know the respective charges of the 4 N. W. plank & the 11 board; & I wish to mention a rule whh I sh^d wish, if possible, to be always observed in sending articles to us - i. e. to send us only the articles we write for. How can you be certain that we need what we do not request? In the old plan, I suppose you c^d send what you pleased - but even then I doubt the propriety of sending what was not requested.

Rec'd also by Paalua, as mentioned by bro. Castle Jan. 20th bundles of books, \$25. for Mr. D. - &c. -

Rec'd \$4. for Sea. Chapel, from Capt. Barney.

We are glad to hear that the Lord is carrying on his work on Oahu - It seems the Lord is ready to carry on his work all over the Islands -

We closed our protracted m'g yesterday, whh had continued six days. The Lord has been with us - Our congregations have been larger for a fortnight past than I have ever before seen at Lahaina. There has been solemnity - weeping - conviction in multitudes - perhaps conversions - but we do not think of it as any thing more than a work begun - I am trying to follow it up by meetings every morning, at whh it is encouraging to see the meeting house crowded above & below, & by conversations with some portions of the people every day. My hands are full - but it is good to be thus engaged.

The king has attended generally at our meetings, & is out now before sunrise in the morning. He bears more pointed preaching than I have ever before heard of a high chief in these islands, & that without offence. Next week we expect to

go over to Molokai to their pretended
mig - very likely the king will make
one of the number - so I understand
I have not spoken with him about
it. Pray for him, that the Lord's
happines may fall upon him. He
is perhaps a little roused.

A French whaleship has just
left here - the Ajax - When it left
Paly, two months since, a New
Bedford whale ship had just arri-
ved there with an Am. Miffy on
board & two ladies who were coming
to the Land. Also - The Miffy was
a tall man, & thin in the face.
The Capt. c^d not speak Eng-
& who he had for his interpreter,
I know not.

I have answered bro. Castles
letters on accounts & it has lain
by me a mo. or more - no
vessel. I wrote two letters
for Am. in hope they might
reach the Factor - but it is gone.
I now send them for the Kapsely
or whatever other good oppy
may occur. Mrs. B. writes in love - may
write - Your bro.

Please ask Post. Geo. send me Chamberlain's letter.

J. Baldwin
March 11th 1858

Lahaina March 19, 1838

Dear bro. Chamberlain

As the Victoria returns to morrow, I must say a few words. In regard to the "boards" sent I had good reason to suppose this station was their destination, though bro. G.'s name was on some of them; for bro. Castle's letter says "15 Am. pine boards for school, Lahaina" — no other pine boards being found on board — but I shall forward them to bro. Green, & if they are charged to him, all is well. The 4 planks sent us will be sufficient. The box of soap sent by the True Blue for Miss. Odaw was not found. I sent to the vessel for it.

Please say to bro. Castle, that as to the accounts, I have nothing to say more, except, that I think if he charges goods sent for oil to the station, instead of me there will be some confusion attending the matter. I have recd them — used

them if I had had occasion, & as I have already told you, not been able to keep any distinction between such goods & those contributed for the chapel. it wd have been a damage to us & the chapel also to have kept a separate stock, as the goods of one were often demanded when the other wd bring little or nothing - & so vice versa. You expressed an opinion, that I must keep goods accounts, in such a case, or there wd be confusion. The only way I have of keeping chapel property clear is to set down the fair price of what is contributed, or whatever it actually avails in whatever way used, & call that a debt I owe the Sea Chapel.

The Lord's work seems to be going on here. The children, particularly of the girls' school, seem much affected - many stout hearted characters who have never paid any attention to the Gospel before, for 15 or 20 yrs,

now seem to be seeking the salvation
of their souls. One of the king's leading think-
ers has been to me to day. I am told
it is tolerably still around the king's
premises. I preach every morning at
sunrise - & meet a portion of the
people every afternoon for more fa-
miliar talk, besides having our house
perfectly thronged from morning to night.
But I can hardly stand it long
to do so. - The king has attended meet-
ing all day the two last sabbaths -
& attended now three mornings in suc-
cession - but I fear, he is not
in great distress about his soul.
The arrival of his little boy, it
is said, will prevent his going to the
meeting at Molokai.

I & my family, bro. Andrews & Miss
Smith expect to go over to-morrow
morning. Had I not promised to
go I could not consent to leave
Kahaima when there is such a
field to exhaust all my strength
& much encouragement to labour.
Bro. & Sister McD. are at Wailuku;

expect soon to return. Mrs. B. writes
in love to you all -

Lahaina Ap. 3^d 1838

Dear bro. Chamberlain

The Hooikahi
has took the Hana brn to their
station - the brn did not give
him an order on you for the
pay, as they wished their cat-
tle from Molokai & expected
the vessel wd have taken them.
They refered the Capt. to me.
I engaged, that when he had
gone & got the cattle & landed
them at Wailuku according to
the brn's request I wd give
the order for the pay, whch
was to be forty dollars (\$40.00).
The vessel went for the cattle -
one was killed in getting it on
board (not I believe by fault of
those on board) the other ox was
left at Molokai. I conclude,
therefore, that the Capt. has fulfil-
led his agreement & is entitled to
his \$40.00.

Your bro. truly,

D. Baldwin

Mr. Levi Chamberlain
Honolulu
Oahu

D. Baldwin,
April, 6 1838.

Lahaina Ap. 11. 1838

Dear bro. Chamberlain,

We are about on the point of moving into Mr. Spaulding's house & make room for bro. Richards & family - are therefore exceedingly busy - but must write you a few lines, as the Paalua sails almost immediately.

You speak of a bureau for bro. Conde - I presume there will be no difficulty in his being accommodated with one. Does it make any difference whether he takes Sat. Ch's or bro. Spaulding's. —

Bro. Sibble's left two bureaus, whh, probably, he will never call for. It wd hardly be worth keeping them two or three years for the little prospect there is of his returning.

On the subject of flour if the lot whh came by the Suffolk we shd like some, if we are entitled to a barrel as we are nearly out. When our present barrel is out whh will be very shortly, it will be three barrels whh we & Rip. Oden have used since last genl meeting. I do not think that we (i.e. our own family) have consumed more than in previous years.

One thing more - I do not yet understand our secular economy - Long ago you or your associate wrote, "We no longer keep accounts with stations - but with individuals." In accordance with this, perhaps, goods & money were sent to me (an individual) to purchase oil & were laid out for that purpose. Quite lately bro. Castle wrote me, that these goods were charged, & credit for the oil given, to Lahaina Station. I then replied, that our accounts could not be easily adjusted in that way - & now by the Hooikaika comes a box directed to Baldwin & McD. - containing 4 pieces unbleached cotton "for you" - ^{he says} Now probably, this is sent ~~for~~ on account of what I wrote - but there is nothing to show to whom it is charged on your books. I suspect bro. Castle is getting back on to the good old principles of common stock. If so, God bless him in the new light he is getting. Please tell me, if such is not the fact. The work of the Lord seems to have gone on increasing here

hitherto. The whole of the king's train
seem just now in a favourable state
to hear the truth & much they have
heard. But bro. Richard is at
Wailuku - & yesterday & to-day I
am so stopped with a cold, that
I can scarcely utter a word -
can neither go out to any meet-
ing nor converse with any
who come to the house - can
only pray - "thy km come!" -
Mrs. B. writes in love to Mrs.

C. Ball -

Yours truly,

L. Baldwin,

P.S. Say to bro. Castle - (for
I have not time to write him)
that I will send book accounts
as soon as we get settled. -

April 14, 1838
L. J. Bowen

Lake, Ap. 30. 1838.

Dear bro. Chamberlain, I want you to send me a little Coffee - say 5 or 6 lbs. - I used it some times for medicines for ourselves & natives - you may charge it to me or to the medical department, as you please. We do not use it ordinarily in our family.

Tell bro. Castle I am sorry to let so many ships go down without sending in our book accounts - but I hope to attend to it soon - we have many sick on the list. Our babe among the rest - teething. Mrs. Green has had a violent attack of erysipelas - Bro. McDonald of pleurisy - bled at the lung a few days since. I have not time ^{to} write bro. Castle now.

Love to all -

Your bro.

L. Baldwin

I sent by Young Eagle this morning Capt. Crocker, a box for bro. Gulick, from America by ship ~~Ohio~~ Ohio - a letter with it - A short time a few months ago, a long

boy came here (formerly, an umbrella boy)
from bro. Forbes - no direction on it -
the natives said it was for Mr. Andrews
I sent it up the hill - bro. Andrews
opened it, & said it must be for Mr.
Whitney - he so directed it, & 3 or 4
weeks since I sent it to Oahu by
Hooikaiha - Bro. Forbes now writes
me, that it was for you. -

Mr. L. Chamberlain
Honolulu
Oahu

D. Baldwin
May 10 1838

Lahaina May 9. 1838

Dear bro, I am sorry to have another vessel go to Oahu & not carry the book account for the station - but it must be so, for my hands have been full & now that Mr. & Mrs. Richards have just left in the Opupeke for Hawaii, I sh^d doubtless have my hands more than full, were it not that I am unable to preach much. My voice has been stifled with a cold almost ever since bro. R's return. It seems to me something like the ministers sore throat so common now in America. I will endeavour in 5 or 6 days to have our accounts ready.

Bro. McDonald had a slight turn at bleeding at the lungs a few weeks since. Ap. 29th he

was taken with pleurisy - after a partial recovery he was seized violently with fever. A week ago to-day he had no expectation of living more than a day or two. It powerfully did his disease work upon him. But with God's blessing he soon began to get better & can now sit up two hours at a time. This is one reason I have been so fully employed. Our youngest child is also feeble & has demanded my attention at times.

Now for requests - Has bro. Conde requested you to send me \$15.00 to pay for a barrel of oil just sent to him. If not, please send it at my request.

Also please send us two good American brooms -

1 pr. shoes for Abby - measure of shoe enclosed.
I want also about 10 pieces of unbleached cotton to pay my debt, though I am not quite that in debt - that which is $4\frac{1}{4}$ wide & good is what

Length of the shoe for Abby

I want. I hope you will not fail to send me something near that amount. Of other goods we are not entirely out. Please let it come by the first conveyance.

Please also to request bro. Diamond to send us a new stock of O. Test. 1st Vol. & New Test - for we have neither at the Station, & the people are hungry - the king's people are eager to buy the book of life; I hope, some of them are eager for the bread of life. I have no time to write any body else.

I did not know of the Puffell's sailing till now - understood she was to wait till a man was hung who has killed his wife here. Love & all from us all -

Your bro. in haste

Q. Baldwin
May 10 1838.

Lahaina May 18th 1838

(Dear bro. Chamberlain) I recd your two lines; & nearly all the articles you mention came safe to hand. Among them a bundle of native ros for Lahainalua - but they were taken up the hill without my seeing how many. One of your letters said 16 - the other 2 doz. The 4 for Molokai did not come to hand - Were they in the L. luna bundle?

You enquire what D. Malo's best molasses can be obtained for? I cannot now enquire, as Malo went with bro. Richard to Hawaii. They are expected back in a few days, as the Hooikaika sails for them this evening. I will ask him.

I have bought repeatedly of Malo the molasses he makes of good quality, perhaps the best though it is not thick, & have given him .37 $\frac{1}{2}$ cts per gal. That is what Mr. French has given him. I think, however, if that is above the market price, or

much above it (it is above Waileka
prices) he wd sell for less, as he
always deals liberally with me.
I will write you again after
he returns, or perhaps you will
see him yourself. If you shd not come,
please say whether you wish ~~the~~ ^{the} ~~modest~~
Bro. Richard expects Hawaii
delegates to come down with
him in the Hooihaiha. We shall
expect them next Tues. May 22.
Will you all be here by that
time?

Our last ships go down to-
morrow - the Ocean, Capt. Parker
& the Chs & Henry, Capt. Geo. F. Joy.
Mrs. B. writes in much love
to Mrs. C. & to all. —

Your bro.

L. Baldwin

Mr. Levi Chamberlain

Oahu

Q. D. Baldwin
May 21 1858

Lahaina May 21st 1838

Dear bro. C.

I have been requested by some of the brn to get a fence made around the graves of the four children buried in the Chh yard at this place. Bro. Armstrong & Lyman feel particularly interested in the matter. I therefore request you to forward enough of the good N. W. boards to make a picket enclosure about 15 feet square. You can judge near enough the number of boards it will take.

The lumber might be charged to me, though the other brn say they will pay their proportion of ~~the~~ expense. Perhaps it might be charged, in equal sums, to me Armstrong & Lyman. We are not, in all respects, ready for ~~the~~ work yet.

Yours truly

L. Baldwin

P.S. Please say to bro. Castle, that in writing accounts to him the other day, I took it for granted that bro. Clark had sent our account with Lahainakua, as I settled with him & gave him the account to forward. Say also, if Hana has reported to him any charges of Lahaina against them, they sh^d be deducted from my account, as I reported the whole. D.B.—

D. Baldwin
May 25. 1838.

Mr. L. (Foster's)
Honolulu
Oahu

Lahaina, May 29th 1838.

Dear bro Castle & Chamberlain,

The enclosed is an account of the avails of books &c. for Lahaina, unless bro. McDonald sh^d report what avails of them have been used for the support of his own family for that time. I have left him to do his own reporting, though I have an account of what he has had, supposing every man to do such business ~~with~~ to his own satisfaction than another could.

The books turned to the Sea. Chapel I have noted as already paid for by donations. But I have not so far settled up for the chapel, yet as to say that the chapel is not in debt to me. If it is, future donations must make up the deficiency. The sum is set against the head of labour - but was actually for buildings, building materials, & labour - all the same. I conclude.

As to what is transferred to other stations I suppose all is straight in your accounts. The charges against all the stations, except on Maui & Molokai, have been sent as they occurred, & as far as you have acknowledged them to me, they are right on your books.

As to avails of land, herd &c. I have given no credit for herd, for this reason, that I think the outgoes for our herd have been more than the income. I think the charge for fences &c. this year to this station is 40 dollars or more - the two years previous, it was \$50. each year, for fences only.

Add to this that we only have a cow each
(not ~~always~~ that) kept her tied in the sun,
hire grass brought, at a dear rate, & get a
quart or so of milk night & morning; &
you will readily see, that our milk costs
more than when we buy it by the bottle
during genl meeting at Honolulu. Nothing,
but pure necessity induces us to have any
thing to do with the herd.

I believe, I was mistaken, in saying
that you had sent me articles ~~etc~~
without specifying prices. P.S.

Mr. Levi Chamberlain
Honolulu

Mr. Samuel P. Bates

J. Baldwin
June 6 1838

You might expect us to report some presents
from foreigners - but such are left frequent, ~~there~~
formerly, when the families were more straitened,
& there are drawbacks generally on them all,
so that I have kept no account of
them. I have nothing more to do,
but to request you to communicate to
me your charges for against me since April
give me prices for all you send in future,
as I wish to keep an account of them. You have
not uniformly mentioned prices of late.
Your bro. J. Baldwin

Bro. Chamberlain, Lahaina, June 1834
You paid me when here \$150 for a pair of lamps for bro. Bingham - but bro. Bingham, before he left, paid Mrs. Baldwin for the lamps. I, therefore, added the \$150 to the money you left for the Seminary. Please, therefore credit bro. Bingham the \$150 you charged him, & charge to the Seminary, instead of \$51.00 \$52.50, which is the sum I paid over to bro. Clark. -

Yours L. Baldwin

Mr. L. Chamberlain
Honolulu
Oahu.

June 21st/38. Have this day paid a
carpenter to bro. Ivey order thirty
six dollars (\$36.) As you left July
\$30. for him, for convenience sake
I took \$6. out of your money.
You have, therefore, \$19.
left & sh^d charge bro. Ivey with
\$6. in addition to the 30. left for him.

Lahaina June 27th 1888

Dear bro. Chamberlain, By the enclosed
you will correct the accounts to which
they refer \$52.50 charged to Seminary not \$1.00
\$36. to bro. Ives instead of 30.-
\$19. left here to purchase molasses
for you, & bro. Bingham to be cred-
ited the \$15.00 you paid me here for him.

I think of nothing more in this
line at present. We are well
as usual. Bro. McDonald has thoughts
of going by this conveyance.

All the bro. left us on Mon.
25th in the Victoria for Hilo, except
bro Thurston & Knapp who went
a day previous in a small vessel
to W. Hawaii.

Much love from us to you
all including your associates
in the Depository.

Your bro. -

L. Baldwin

June 28/1838

Mr. Levi Chamberlain

Mr. S. N. Castle
Honolulu
Oahu.

Lahaina ~~June~~ June 4. /38

Dear bro. Chamberlain, The Victoria,
as you perceive, is at anchor.
I send up all your letters.
I have a bill of freight for
this place, the other adjacent
stations & Hilo. Of the freight
for Hilo there is a large
quantity, & bro. Castle says,
"it may be landed at La-
haina or it may not.
Bro. Chamberlain will tell
you as the arrangement
is left with him."

Too rough at present to
land any thing of course. I
expect to be up in the morning.
I send with the letters the
station reports of Koloa & Ha-
neke - also of the bindery.

Your bro.

S. Baldwin

Mr. L. Chamberlain
Lahaina

D. Baldwin
Recd at Lahaina
June 4th 1838.

Lahaina July 12th 1838

Dear bro. Castle,

I have several of your letters by me unanswered except so far as I gave verbal answers through bro. Chamberlain. He doubtless told you that David M. had no molasses, & we have none till his cane grows again. I am sorry your order did not come a month or two earlier. You spoke of not writing by return of the Paalua - her sailing from this place was as unknown to us as her return was to you. Miss L. G. Smith's things are all here directed to Kaneohe. But I have a line from bro. Lyons requesting them to be forwarded to Kawaihāe. This is perhaps right, though it leaves bro. Parker or rather sister P. without an associate. You had perhaps heard, that Miss S. joined the party on board the Victoria for Hilo & the volcano. Providence so ordered it, that bro. Lyons was detained at Mo-ohai, & cannot go on to West. Hawaii, with bro. Thurston & Knapp - so he was obliged to ship for Hilo - The del. meeting had left him without a helper - so the Lord

perhaps helped him to one. So it w^d seem.

There is a large box here from Wailuku directed to bro. Chamberlain or you, wh^{ch} I directed the natives to carry on board the Victoria. Unfortunately they turned it into the sea - but kept on & it is now on board. I believe it is clothing most-ly - will enquire, & send on board to have it opened, if necessary. The vessel will be down in the morning do ~~not~~ ^{please} you sh^d attend to it immediately.

Another matter - I am receiving letters from my bro on coarse greenish, red, & yellow paper wh^{ch} they tell me costs much less than ordinary paper - \$2.50 per ream. Now I do not wish to be more extravagant than my bro - & perhaps it is well to use cheap paper for our haste notes, of wh^{ch} I write many I sh^d I w^d request you to send me

$\frac{1}{4}$ or $\frac{1}{2}$ a ream of the Cheap ^{city} paper - The red I sh^d like best if it is of the same price, or the yellow in preference to the greenish, i.e., if it is the same cost, or not much higher.

You have not sent bill lately.

We had requested some buttons - which you sent - but of the kind you sent Mrs. B. says we have an abundance - so she thinks we had better return them. You will know what they are charged. I will wrap them up in the bundle of letters. N. B. I think you sent two lots of buttons.

Bro. Richard is deeply engaged in the work of teaching his new scholars. I believe I have alluded to your mention of this matter before. We were all in favour of it, & I hope it will prove a good step - but in order to this, you must keep the run at Ophiu - if that devil comes, all is lost. Times have changed since last year - We must now go to work to make the people support their own religious & literary institutions - but how can they do it without teaching?

How does sister C. do? How the little daughter? Let us hear from you often. We are well as usual - our little babe has poor turns occasionally - but has been better of late.

Much love to sister C. I shall write Bro. Chamberlain to-day or to-morrow.

Your bro. D. Baldwin

Mr. Saml N. Castle

Mr. L. Chamberlain

July 21 1838

J. D. Baldwin

Lahaina, July 13th, 1838

Dear bro. & sister Lyons,

We were not very much surprised to hear, that you and sister Lucia had concluded to sail together the rest of the voyage. I trust it is of the Lord and that he will bless each of you in this matter -- and one thing more, may your dear little motherless boy find a mother indeed -- mother in body and soul. He did not know what he lost -- nor will he what he now finds, till long afterwards. Sister Lucia, we used to think, was a praying girl -- but then she was nothing but a missionary -- now she is a missionary, a wife, a mother, a pastor, or what is perhaps a higher pose, a pastor's wife, all at once. She should, therefore, pray four times as much at least. You two must be lights on the hill -- if you are not shining, who will shine for Waimea? I have just bargained with the Capt. of the Kinau (True Blue) to take sister L's things to Kawaihae. He was going to Kailua, thence to Hilo, and I am to give 8 dollars for his carrying them to K. He is to get them on shore to your store-house. Brethren Knapp and Richards thought the price reasonable. I took out the book I requested of Mrs. Lucia, -- botany -- I am sick to-day -- can't write more -- only to say May God bless you all.

Love to all friends,

Your brother truly,

D. Baldwin.

Lahaina Aug. 14, 1838

Dear bro. Lyons,

We were glad to have letters from you and sister L. a day or two since. As the Victoria is about to sail to Kawaihae, I will write a little.

We were heavy hearted at hearing of the great numbers who have gone astray in your region -- but are glad to hear, that you do not spare when their conduct calls for cutting off. Such conduct so soon after entering the church certainly calls for prompt and efficient discipline -- Cutting off may be the means of saving their souls. But let me ask one question -- Would it not be better to try the candidates a little longer out of the church, and save the doing of so much work twice over? Where can be the harm of letting 100 or 300 or 500 candidates stand 3 or 4 months? to see how they will act; whether they will do Christ's work or not -- for we want no drowns. Certainly they can't be lost by such a course, if truly converted; and if unconverted, will be more likely to be saved.

I think the day of pentecost cannot be a pattern for us as to taking into the church. Such matters must be regulated by circumstances and times, as to rapidity and delay; and times are very different here from what they were at Jerusalem at that time.

May the Lord guide us all!

The work of God goes on still here with manifest power. I have propounded 55 to be admitted 2 months hence if found fruitful in good works. We think there are hundreds converted, and I expect to propound by littles or more along as I fi

find them out.

Mrs. B. unites in love to you both -- may write to Lucia, if she has time -- all busy -- Suffolk sails from Oahu for Boston about Sept. 25th. Send down your letters by the Victorial

Let us work, work and pray.

Pray for us, especially for

Your brother

D. Baldwin.

Lahama July 13. 1838

Bro. C.

The box whh I
said went on board Victoria
was returned on shore & has
now gone on board Paalua
directed to you - freight to
Oahu by Capt's agreement
one dollar, whh you are
to pay. I have been
sick to-day or I
shd have opened it to
see what was damaged.
Please send me 1/2 ream
of the cheap paper for
whh I wrote yesterday.

Laieina July 16. 1838

Dear bro. Chamberlain,

I send by the
schr Pearl, this evening, a small pill
box, directed to Missy Hoorns Boston, forgot-
ten the other day ^{from Doug. Andrews} - there are also other
things which may go in the Pearl.
I hope you rec'd the large box by
Paalua the other day, which I mentioned
as well. The freight was to be one dol-
lar, applied of course on their debt.

The freight by the Paalua & Kooitaike
all came to hand. The half barrel of
beef Mr. McD. took down with him, as
he has doubtless informed they wish
pork. A half barrel of pork was left
on our premises with things on ter-
toria from Hilo. Whose is it? - Perhaps
it may go to bro Richard, & McD. -

Perhaps we shall need the barrel
of pia here which I suppose
is charged to bro. Ives. Let it
stand for the present, & if we
do I will mention it. -

The cloth came for bro. Whitney
& was forwarded. I sent by McD.
the suit made for him at Waikua-
hu. - Much love to all from us both
Yours bro. truly, D. Baldwin

1700 rec^d to chh at Hilo a few sabbaths
since - 13 propounded here yesterday -
Bro. Coan fishes with a net -
Don't forget to send me the $\frac{1}{2}$ ream
of cheap red paper -

Mr. L. Chamberlain
Honolulu
Honolulu Oahu

Dwight Baldwin
July 18th 1838.

Lahaina Aug. 6. 1838

Dear Bro. Chamberlain

As far as I can now remember, the goods shipped by Hooikaha came safely to hand & the bill has reached by the Paahia.

You mention ^(July 1st) sending 25 dols. by the hand of Kapaia for Miss Ogden & "a bundle of money" ^(July 30.) also for her by the Paahia. The latter is rec'd & handed over to her. I saw Kapaia here on his way - but he said nothing about it. Did you send by him?

The work of the Lord still goes on among us, though there is by no means the general excitement there was some months since. I am trying hard now to do away thought talking. I have the same views, I suppose generally, in re-

gard to that matter whh Mr. R. has long inculcated here. I cannot think it possible to have much genuine conviction for sin where there is much genuine thought-telling.

May the Lord continue to pour out his Spt on all our stations! I hear little of the working of God at other stations now-a-days, & fear we are to have barren times again. Let us pray for more wonderful displays of God's power. How is it with you bro.? I think if I had nothing to do but pack boxes, I'd pray all the time.

Among the 100 or more girls in the school here formerly in Miss. Ogden's care, I do not see that ~~the~~ interest is diminished, in the least, from what it was, de-

ring the greatest excitement here - or
rather perhaps I sh^d say, the real
feeling has not. There is perhaps much
left running to the bushes & mountains
& pray. A large portion of those
girls, seem truly converted. It is
a remarkable fact, that ma-
ny who once belonged to the
school & had left it, from getting
married, or from pure love of sin,
have returned to it, to enjoy
the religion now there; & they all
from oldest to youngest meet
for prayer and hymn every day.
Miss O. was here to see fifteen
of them propounded for the ch^h
yesterday. I have propounded now,
in all, adults & children, 5-5, many
of whom were doubtless converted
years ago - but the ~~former~~ excite-
ment brought their religion to light.
Mrs. B. unites in love to you all -

With Your bro.

L. Baldwin

Mr. L. Chamberlain
Honolulu
Oahu

Wm. L. Galt
Aug 7 1838

Lahaina Aug. 20th 1838

Dear bro. Chamberlain, I write immediately as yours by bro. Richard, has just come to hand, to say a few words.

I believe every thing by the Victoria & Paalua came safe here - at least I recollect every thing having passed my hand, except the Am. bundle you mention for bro. Rogers. Probably that is recd.

As to molasses, I have sent Malo to Lanai on a midgy tour - he will be gone 3 or 4 days longer. When he comes, I will see him & let you know whether he will make soon or when.

As to oil, I can hardly tell now what articles will be needed to procure oil. We have no longer the command of the market here in that trade, as bro. Spaulding once had. Pierce

& Brewer have a store now
for shipping season here. Their
agent will procure all he can,
if there is such a call for it
from Oahu as there was last year.
There will also be not less
probably than half a dozen other agents
to purchase for foreigners at Oahu
& Waikapu &c. Now whatever
others give for oil, we must
give also, unless oil sh^d be so
plenty, as to go dull. Doct.
Peabody & Pierce & B's agent
paid money mostly last year.
perhaps they will this - if cloth
answers in part, the unbleached
cotton or blue or bleached white
may be the best - but I will
perhaps say no more at
present as to this.

We are depending on the Suffolk
to carry our letters - the Paalua

is expected to return this evening - if
so, I shall not be ready to send
my own letters - but hope to
improve the Kinau whh ex-
pects to go in two days. Please
attend to them, when they reach
you. I shall send this eve-
ning the letters from other
stations, Molokai &c. -

The work of the Lord still
goes on here. I think, new
cases of awakening are
occurring frequently. I dread
the distractions of shipping
season -

Much love to all -
Mrs. C. & your associates.

Yours, in haste,
C. Baldwin

Mr. L. Chamberlain

Honolulu

J. J. Salomon
Aug. 22. 1838

Lahaina Aug. 26th (Sat. eve.) 1838

Dear bro. ~~Wm~~ Chamberlain,

As the vessel is expected to return to night & my Sabbath is closed, I will answer you by the Paalua.

You speak of your 3 empty barrels & yours with for D. Male's molasses. You sent them, I suppose, on the strength of something I wrote to Bro. Castle. I was told by one of the crew that probably he (Male) would make a lot of cane for another - he had been requested to do it. Male was then from home. I have since seen him. He says, that he shall not make up that cane because he could not make good molasses. It is a field of cane which has been stunted for want of watering. He says

also, that he can make no such
molasses as you wish, till his own
cane gets of ~~suitable~~ age whh
will be next march - a long
time to wait. He wd make enough
for you now; but the cane is so
young, he c^d not make the
molasses thick. So we will
take care of your barrels,
till you send further orders.
I am sorry you will be disap-
pointed.

Why did you put a ! to my
letter of 5 sheets to Mr. Ander-
son? Did you suppose it
was about their laws? not
a word on that subject,
though I expect to say some-
thing hereafter.

We have one whaleship in-
whh has been on the N. W. coast.

We have had a solemn Sabbath
to day - the King all day at meeting
I seemed to pay good attention
but O what inveterate & cursed
habits he must break up, before
he can become a Christian! I
think, I do long to see the Sp
come down in greater power
among us. I believe, however,
he is now striving with many
here.

Much love to you all,

Yours bro.

L. Baldwin

S. Baldwin

D. Baldwin

Sep 3 1838

M. L. Chamberlain

Honolulu

Oahu

Lahaina Sept. 11th 1838

Dear bro. Chamberlain,

I rec^d a few
days ^{since} from a lame man, (who has not
walked for many years, & who has
no use of his feet & legs whatever),
the sum of \$2.00 as a donation
to be divided among all the preach-
ers of the mission in the island,
mentioning in his letter, that it wd
be 1/10 of a dollar to each. If bro.
Richard & some of the rebels at
Kauai be thrown out, I be-
lieve, there will be about 20 left.
Please, therefore, (after allowing me my
10 cts) charge \$1.90 to me, & credit 19
others on your books 10 cts each. I
wd not ask you to take so much
trouble about this, but I have some
reason to suppose, it comes from
a great heart, & if so, it is like the
widow's mite, no small thing. The
man, who is a shrivelled up thing, has sent

me some small donations before & always a note with them; but I never knew any thing of him till the \$2.00 came & he expressed a desire to get to meeting. I sent a chh member to carry him to the house of God last Sab. & since that his own mother has brought him to our house. He has not been at meeting for yrs before - but is not ignorant. He supports his mother & some others (besides sparing these small donations) by making shell combs. So much for the cripple, who must now be looked after to see if he is not chosen of God.

I wish you to send me a few wafers - mine will last 6 months.

Now for news. You will learn by this little vessel (Mamake's) whh is now from Kawaihae, that a small Mannwa, the Fly, 24 guns, British, is about to visit us. They saw her off Kawaihae - On Sab. she was standing up for Hilo - will

stay there a few days, & then come
here - proceed to Oahu & Hawaii. I be-
lieve, this is the vessel whose Capt.
Capt. Bruce recommended to look
into matters here.

She will be here probably in
a week - but this is not all -
a foreigner from Hawaii tells me,
that the Fly reports 3 men of
war, a British, French & an
American as daily expected at
the island.

The king & his teacher are
now at Wailuku laying
out plantations.

The Sp of God still works
among us - O for more faith
& strength to labour. We have
a protracted meeting appointed
for next week - Pray God to
come & help us. -

Love to Mrs. C. & all from us all.

Your bro. J. Baldwin

Mr. L. Chamberlain
Honolulu
Oahu

W. B. Brown
Sep. 12, 1838

Lahaina Sept. 19th 1838

Dear bro. Chamberlain, I rec^d yours by the Paalua & all the freight came safely to hand—

As to the foreigners' rage about our monopolizing trade, I sh^d think they were on their last legs as to arguments against us, when they lay so much stress on four yds of cloth teased out of bro. Clark by a native sent for the purpose, after bro. Clark had told him again & again, that there were stores at the shore & he must go there. ~~Next~~ ^{Next} we shall know perhaps, they will be out of objections to missionaries altogether.

As to Capt. Brewer, perhaps he may one day learn, that he has an agent here of a very peculiar cut. I will not describe him; but will mention two items merely—1. He gets into difficulty with most whaling captains as far as I can learn, owing probably to the fact, that his tongue runs a great deal, & always without rudder or compass; a kind of running

I think nobody knows any thing about this but Mellish himself.

wh no seafaring men are fond of. If we may believe him, the natives are all in such a rage with him that they wd kill him, break open his store, or any thing else. (I never heard any thing of the matter except from him self.)
3^o If he writes as well as he talks, then Capt. B. will get a plenty of stuff, such as it is.

I ought however to add here, that Mr. Mellish has ~~told me~~ that he does not believe I have ever used any influence against the establishment, a fact you might mention to Capt. B. or not, as you please.

Well then, to proceed; Mr. M. getting into trouble sometimes - he must have some way to account for it wh he does in different ways. He once said to us, that all his trouble arose from a letter wh Mr. Bingham wrote to the chiefs here (chiefs perhaps) warning them against Mr. M. whose sole object was to spread the Catholic religion. Lately he says, that his great difficulty arises from

the fact that Hoolulu, whose daughter is married to young Pitman is determined to assist him to make room for his ~~son~~ in law - but enough & more.

I am not at all anxious about the wonders you mention - but if you have an opportunity & wish to do it - you may say to Capt. B. that

1st Except when he took me to Hoapili a year ago to interpret for ^{him} I do not recollect to have ever said a word to the Gov. on the subject of his trading house. Hoapili has never asked my opinion on the subject - nor have I given it. I have kept about my own business, & Capt. B. wd do well to keep about ^{his} I suppose, he will not accuse me of influencing the King.

2^d If Capt. B. has eyes, then he c^d see that the opposition was in Hoapili & the people here who trade themselves & depend on it & do not wish to lose it.

3^d The opposition to foreigners stores here is of many years standing - & it is utterly absurd to attribute it to me who have been here but three years. It is a subject that has rarely entered my mind while I

have been here. You may tear off the last
part of this letter & hand it to Capt. B. if
~~you~~ you think it wd comfort him a bit;
though I am not in favour of taking
~~too~~ much notice of slanders that come
from such a source. One thing is certain - viz
no explanations will stop their working -

Mr L. Chamberlain
Honolulu

D. Baldwin
Sep. 21 1838.

I do not think of any thing to
add - Perhaps I have added
more than I ought to trouble
you to read - if so I will say
it has cost me only 20 min. & you but
10, & I am now going to preaching - Love to all.
Your bro. D. Baldwin

Lahaina Sept 20^d 1838

Dear bro. Chamberlain, When I wrote you last I forgot to tell you, that bro. Conde had requested me to procure him 5 or 6 pounds of coarse powder to blast out a well. I can find only one pound of powder here & that is fine. Therefore will you please send him ~~that~~ amount as soon as can be as I suppose, he is waiting for it.

Again, please look at our list of articles for 1840 & instead of "two white table cloths" please to set down two nice brown table cloths. Mrs. B. thinks, she sh^d prefer the

letter to the former. If the list has gone to America, then it may be too late to make this correction.

I am almost sorry I wrote you so much about foreigners the other day - I trust, however, that you will have judgment not to trouble yourself to use it much. It was perhaps a mistake in you to have a long talk with Capt. Brewer on the subject; for, I suppose, Capt. Brewer, though he has a rather fair face, is like the generality of Oahu residents. The impression that he is so, is becoming very decided here at Maui. If I should see him in relation to his charges against me, all I should ask would be, what proof he had, that I had ever used any influence against his store here? If you have an opportunity I wish you would ask him in my name, or

I wish
or

tell Doct. Gudd to do it, & let me know that result.

Bro. Bishop writes, that he spent an hour in talking with Charleton & others about Lahaina luma store &c. Was it not mispent time? Ought they to have so much notice? Is there one of all that rest that believes Lahaina luma to be a trading establishment, or that they trade any more that to carry on the operations of the school? Perhaps in time it may be necessary to come out in a Boston paper & tell what the private character of Mr. — & Mr. — of Honolulu is. I hold that such writing is proper when needed in defence of the Lord's Cause.

We have been attending a protracted meeting this week - fully attended, & I trust it has been a profitable time. The spk have many of them been more awake than ever - their prayers much to the purpose - Young converts of past months have appeared well - What the amount of good done among the people has been we cannot yet say, as the time has been entirely occupied with public exercises & none have come to our houses. Love to all - Your bro. D. Baldwin

Lahaina Oct. 10th 1838

Dear bro. Chamberlain,

You saw the crack in the walls of our chapel. I have taken advice of several & the best plan hitherto recommended seems to me to be to put a chain through the middle & lay the cracked part over again. The chain will consist of a piece of timber & a bar of iron at each end long enough to make a doubling outside the wall, go through the wall whh is 2 feet thick, & then perhaps reach along the timber 2 $\frac{1}{2}$ or 3 feet - the bar shd be, as Mr. Richard, thinks, about $\frac{5}{8}$ of an inch thick & $1\frac{3}{4}$ of an inch broad; & perhaps twelve feet in length wd be sufficient for both ends of the Chapel. I wish also

to secure each corner of the building
with something like a dog at the
end of each plate whh may take
6 or 8 or 10 feet more in length
of the same bar. I know not
what will be the ~~length~~ weight
of this - use your judgment
in purchasing it, if it is to be
had. Now I wish, if the
Paalua goes down to-night,
that you wd purchase it im-
mediately & send back by her
when she comes, whh
we are told will be
in one day after she anchors
at Ahu. I want the work
done immediately - Charge
to me.

We have 3 ships here - have
made no enquiries for oil - per-
haps some cash, some unble cotton-
& blue or bleach wd be the articles to

buy with - please send some - Do you
wish some black or poor sperm oil -
enough such kind, generally in
the hands of natives, taken for
recruity.

Love to all

Your bro. in haste,
S. Baldwin

Lahaina Oct. 17th. 1838

Dear bro. Chamberlain,

I wrote you
for iron - 1 bar some 2 or 2½ inches
wide & ½ thick - 12 feet long or there
abouts. I forget the size exactly.
Another bar, same size, 8, or 10
feet long, at least, perhaps 12 feet.
Did you get the letter? You
say nothing of it in the letter
rec'd to-day. The Paahua goes
& comes back soon. Don't fail
to send it.

Will you do me two
errands. 1st Ask Doct. Judd
to send me some Aqua Ammonia
- & 2^d Tell bro. Hall,
or whoever it may be, to
send us 1000, at least, of the
Ai o hula for 1839.

Where is bro. Conde's powder?
Much love to you all -
Your bro. D. Baldwin

L. Palmer
Oct 23 1838
to be attended to.

Mr. L. Chamberlain
Honolulu
Oahu

Lahaina 1.18th 1838

Dear bro. Chamberlain,

I have already written you a line respecting the iron I wish purchased - but the *Maalua* is not quite ready to go & so I have a few words more. And 1st There are two boxes on the bill for me - also two bundles. The bundles I have need - but the men of the vessel say there are no boxes for me. Perhaps you did not send them.

2^d - As to oil. I will do what I can to get the amount of oil you wish. I expect there will be more difficulty in getting it than there was last year, as not only Oahu agents are here, but they make agents of the low things that dwell about here, things that came from other lands. I am too busy now to look out - moreover I may go to ~~the~~ Molokai Nov. 1st - I shall, if bro. H. & family do not come here - I have left it with them to choose. If I go I will leave the work with bro. McE. & Richard, & will engage 3 or 4 natives to look out for men who are to be discharged - nothing more now. Your bro. truly, L. Baldwin

L. P. Robinson
Oct 23 1838

Mr. L. Chamberlain
Honolulu
Oahu

Lahaina Oct. 24th 1838:

Dear bro. Chamberlain,

I just
drop a line to say that
I send by the Paalua
2 bbls sperm oil, about
2^d quality I judge. It is
some of the best that is
ever brought on these to
pay for vegetables.

You will find the mark
(I for Levi) & Nos 1, & 2, between
the bilge & middle hoop, i.e., be-
tween the bung & the end of the
barrel - that is the place where
I will mark the bbls I send
you this year, as they never mark
casks there on board ship. I make
an I because I have not a marking
iron with whh I can easily make a C.

Barrel No. 1. (A on my books) I purchased
with \$7.00 & 30 Yds of the bleached
 $\frac{3}{4}$ cotton you sent me, leaving a
remnant of the piece of 2 or 3
Yds - You charge the cloth $12\frac{1}{2}$ cts.
If that is right then the oil
will be \$7.00^{cash} + 3.75 = 10.75.

No. 2. (B on my book) Cost cash \$14.00
add the per cent you charged me
to the \$7. & the 14. & credit me
accordingly.

This oil is better than some
I sent you last year - so I
judge by the specimens I still
have by me - but I do
not propose to buy much
as poor as this if we can
get better wh^l it is to be known
yet. Mellish & French buy oil
here at 14 dol^s & 15 wh^l I have
looked at & refused to buy. But I hope
we may get good oil bye & bye.

The selection of cloths you sent
appears to be good. Can you send
a little more of the narrow
60 cotton $3/4$ wide at 12 $\frac{1}{2}$ cts.
It will be preferred to $4/4$
unble -

Your bro. in haste
S. Baldwin

Mr. L. Chamberlain

G. Baldwin
Oct 26 1838

Lahaina Oct. 29. 1838

Dear bro. Chamberlain, I rec^d two
notes from you yesterday. The
bundle was received, letters &c. —
by Becket.

As to iron, I am sup-
plied having rec^d some of
Capt. Joy, & bought a little of
the Blacksmith.

I can easily add in the
75 cts freight on oil somewhere,
I will do it — though the better
way w^d have been for you
to have set that down as an
item to ^{divide} charge to those who
use the oil — perhaps.

You did not get a letter
by the Paalua from me
with the 2 bbls of oil — but
I suppose, you rec^d it by the

Roman a morning or two
afterward. The Paalua reports
herself to sail at night
but was off middle of
~~the~~ afternoon. So all our
letters went by Capt. Joy.

As to oil, I have now
3 bbls on hand of the kind
I sent you. It is the best
whch is often paid here for
vegetables. I call it 2^d qual-
ity. The cost is generally \$7. &
a piece of cloth - or if a
little whiter 7.50 or 8.00 &
a piece of cloth. I am
near the market & have
a good native who reports
perhaps every bbl that is
brought on shore - so that
I only select the best. But

I am doubtful whether to
buy any more like this.
Wish to hear what you
think. It is as good as
the oil we are burning our-
selves just now. I have
bought it in order to have
something for you at any
rate.

I trust we can get
good oil yet - i.e. the
best. It is only 80 cts in
Am. & 70 or 75 shd buy it here
of Captains - I think it will,
though they generally prefer
borrowing money to taking
even American prices.

No native sailor that I have
heard of here has been paid in
oil - ^{this being} but in money or cloth.

Your bro. Q. Baldwin

Mr. Levi Chamberlain

George H. Baker
Oct 30 1858

La. Ma Oct. 31st 1838

Dear bro. Chamberlain, Have I not written you for flour? I thought I had. If I have not, it is my own fault, that we are completely out. A bad time too. it is to be out, as we have 20 or 30 ships here, & must see considerable company; & our neighbours are not so well supplied as to be able to divide with us. Can't you send us a barrel this week or next?

You may think we could buy of ships; but ships don't wish to sell, till they are nearly through the voyage; & then their flour is too old for us.

I wish also some 8 or 10 lbs of the white Havanna sugar. Several of the families are pressing me for syrup of squills, & I have but little of that sugar on hand. Nothing else now I love to your family & all -

Your bro.
D. Baldwin

Mr. L. Chamberlain
Honolulu
Oahu

Lahaina Nov. 8. 1838

Dear bro. Chamberlain,

I just write a line hoping a whale ship will go down to day or tomorrow, to apprise you, that D. Malo is filling your 3 bbls with molasses, his canoe having come to maturity quicker than he expected. I have paid him \$10. toward, & will pay the other \$9. if he wishes it - but probably cant the whole with a new supply of cash, i.e. if we have to pay largely in cash for oil.

As yet I have heard of no native sailor who has been paid in oil. Oahu people send up money to let in abundance & the masters prefer ~~paying~~ taking up money to paying.

oil to the men. So I have
only bought such oil as has
been offered in the market &
I have now 4 barrels of that
on hand - don't expect to buy
any more of it. Hope you
will try it & tell me by
the Paahua how you
think the families will
like it. —

If you have not sent me
flour you need not,
as I am provided with
 $\frac{1}{2}$ a brl. Please forward
the accompanying letters
for Am. by the Roman.

Yours in haste

D. Baldwin

Nov 12 1838
D. J. Baldwin

Lahaina Nov. 12th 1838.

Dear bro. Chamberlains, You will doubtless see Capt. Green. We have had a most interesting visit from him & others on board the Recovery - as also from Capt. Richard of the North America who will also touch at Oahu. We have now 19 ships & 3 or 4 more hard by - many native sailors are paid off, even 18 on board one ship - but I have not heard of one paid in oil - all in money or cloth. Still, I hope we shall not lack oil - the Lord must provide, if we cannot. I have to-day got hold of 2 bbls pretty good oil, at a reasonable rate, & have 3 others, rather poorer, ready for the first conveyance to Oahu - bro. H. has put in for one I had expected to send you. Hitherto, I have paid more money than cloth & shall not need any more goods sent, I think.

I have written you not to send the flour I had requested a few days previous - we are supplied.

Love to all - Yours bro. L. Baldwin

D. Baldwin
Nov 14 1838

Mr. Levi Chamberlain
Honolulu
Oahu

Lahaina Nov. 21st 1838

Dear Bro. Chamberlain,

As yet we have heard of no ship's paying off men in oil - only in money & cloth. I have, however, purchased 2 or 3 bbls of what we call good sperm oil, & have the prospect of 2 more in a few days. I have also besides 3 bbls of a somewhat darker colour - perhaps not much different from ^{what} I have already sent you. I intend also to send you 3 or 4 bbls of blacker oil of divers sorts & prices whh I have no doubt the different families will wish for the use of their domestics. If not you will find no difficulty in selling it. We are flooded here, or rather some of the natives are, with poor sorts of oil, taken in pay for vegetables, &c. We have already had upwards of 50 ships & expect some more. I will now give you a list of

the bbls of oil I have for you with
the respective prices of each. I hope
to get a few of them on board of Ma-
make's Schooner this evening. The
barrels are numbered & I keep specimens
of each - they are as follows -

- No. 3. Mr. Hitchcock takes space for.
No. 4. somewhat dark - much sperm in it.
" 5. lighter - but little sperm in it.
6. nearly same character.
7. White & good oil, some sperm or foots
8. same, white & good - considerable foots -
9. Somewhat darker - much foots - but good.

The cost of the above is as
follows -

No. 4. cost in cash \$7. - in cloth, 5.75 - = \$12.75
No. 5. cost in cash \$7. in cloth, 5.75 - = 12.75
No. 6. cost in cash \$7. in cloth, 5.75 - = 12.75
No. 7 cost in cash \$ 16.25 - - - - = 16.25
No. 8. cost in cash \$ 16.25 - - - - = 16.25
No. 9 cost cash \$ 15.00 - - - - = 15.00

If any per cent is to be added to the cash,
you can add it -
